RECOMMENDATION

Based on the insights, the following strategies are recommended:

1) Target Younger Customers:

- ▶ Focus on Under 30 and 31-40 (38.61% each) with Nonpar and Basic plans, their preferred choices.

2) Promote Premium Policies for 41-49:

- ▶ Leverage the 41-49 group's preference for Premium policies (10.89%) with targeted campaigns.

3) Enhance Health Plan:

- ▶ Increase Health plan adoption (1.98%) by improving features or marketing, especially for younger groups

RECOMMENDATION

4) Offer Flexible Terms:

- ▶ Provide customizable Policy Term and PPT, as correlation with Amount are weak (-0.51, -0.59).

5) Investigate 50+ Segment:

- ▶ Explore the low 50+ share (0.99%) to identify outreach or data collection gaps.
